How do you feel about being a Senior?

I'm glad I'm finally reaching the age of adulthood and can prove my independence. Graduating from high school is one step forward. — Kathy Seguin

Being a senior brings about the realization that you won't have the security of another year of school but a very important decision which will change your whole life. — Darlene Eble

It was worth the wait. — Chuck Cirgenski

Being a Senior isn't all it's cracked up to be. All your friends are doing different things and you lose touch with them. You have all the responsibility of adulthood come at you all at once. — Jill Saari

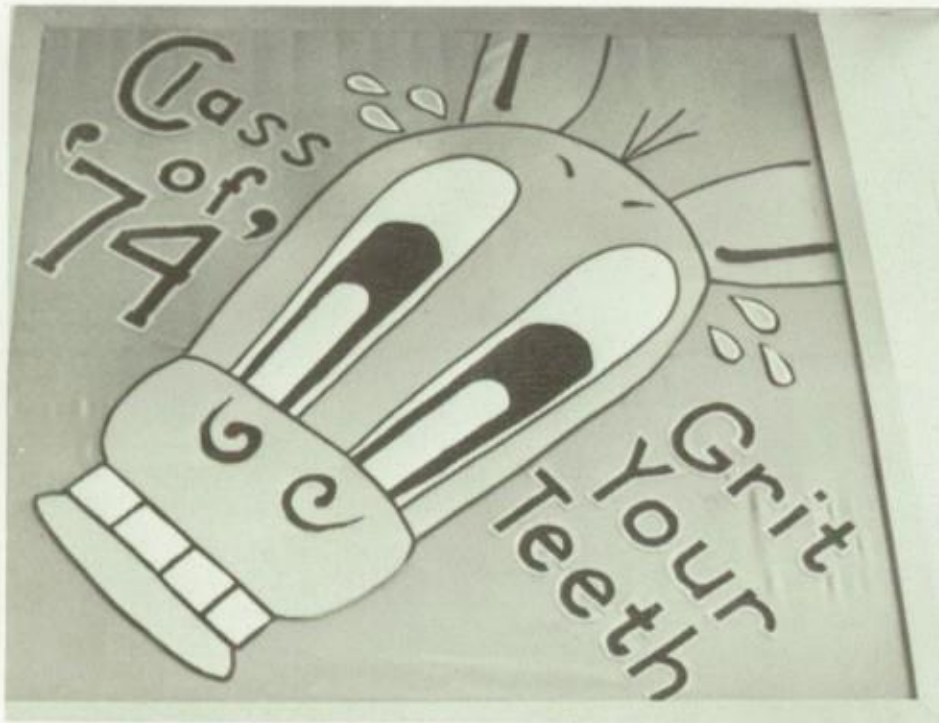

I don't feel any different than any other year. — Tom Heiden

SENIOR YEAR

Class Color: Fuchsia and Gray

Class Flower: Rose

Class Motto: "Set me adrift in a sea of hope, and I'll set my sail to a new horizon."

What is Girl's State? This is a question very frequently asked. Girl's State is where 500 girls from all over the state are "thrown together" for seven days. During these seven days, the girls become politicians. They build a unit of government, electing from their own representatives, city, county, and state officials for a model state. This is one of the most exciting and busy weeks of a girl's life. Without knowing anyone in her "city", she tries to be elected to a city, county, or state office. Besides these roles as an active citizen at city and county levels, a girl is also a member of a certain party and must be loyal to that party.

Each party has to screen candidates to find the best ones for their support, organize their convention, and draw up a platform. The two parties, the Nationalists and Federalists, each have a convention. They elect their candidates for Governor, Lt. Governor, Attorney General, Secretary of State, and Supreme Court Justices. All of this is an exact simulation of the state's government and how it is run. It would be great if every person could experience this. It would better each person.

What constitutes a "Good Citizen"? — dependability, service, leadership, and patriotism. These are the qualities on which the National Society of the Daughters of the American Revolution feel Good Citizenship should be based.

After a girl is selected, she is given a questionnaire. This is really a test. It asks questions based on county, state and the national levels of government.

This questionnaire is judged along with all of the others. The best ones in the state are given bonds worth anywhere from \$50 to \$100. If a girl is a state winner, her questionnaire qualifies to be judged in the National Contest. The winner of this contest gets a \$1,000 scholarship to the college of her choice. This program acknowledges those who display the qualities of a Good Citizen. It attempts to give acclaim to as many worthy youths as possible.

Doreen Compton: Girl's State Representative and Miss D.A.R.

Class Officers: M. Sulier — president, C. Cirgenski — vice-president, M. Mohrbach — treasurer, J. Billman — secretary.

Mr. John H. Stafford, Senior class advisor and D.E.C.A. advisor, died March 11, 1974. His smile and pleasant memory will be treasured always.

Class Advisors: Mrs. Virginia Eisenman and Mr. John Stafford.

Bedford's Top Ten Seniors of 1974

Seated — Gail Drouillard, John Jechura, Jill Saari, Scott Lennard, Doreen Compton. Standing — Paul Kelly, Rob Taylor, Steve Cook, Paul Jomantas, Dan Maloy.

Steven C. Cook — 4.0 Valedictorian

"The fear of the Lord is the beginning of wisdom; and the knowledge of the Holy is understanding. Happy is the man that findeth wisdom, and the man that getteth understanding. For the merchandise of it is better than the merchandise of silver, and the gain thereof than fine gold" Proverbs 9:10; 3:13-14

John L. Jechura Jr. — 4.0 Valedictorian

"Intelligence should not be looked upon as the accumulation of facts, but rather as the ability to put acquired knowledge to use."

Scott Lennard — 4.0 Valedictorian

"Scholastic knowledge is not the only thing learned at school, but more important, is having the love that grows between one's friends and himself to help fulfill his life."

Jill Saari — 4.0 Valedictorian

"A school should not be a place where students are forced to memorize facts and formulas but should endeavor to teach students the love of learning so their lives will be full of the joy of knowledge; for life is the greatest teacher we have."

Robert D. Taylor Jr. — 3.9667

"The fear of the Lord is the beginning of wisdom. Without Him much seems impossible, with Him all is possible."

Gail Drouillard — 3.9091

"What is life but to learn and experience all you can."

Paul Jomantas — 3.9063

"Knowledge is but constant experience."

Doreen Compton — 3.8710

"Where there is faith, there is love, Where there is love, there is peace; Where there is peace, there is God, Where there is God, there is no need."

Paul Kelly — 3.8529

"True intelligence is not merely memorization, but rather the ability to reason and draw conclusions."

Daniel Maloy — 3.8485

"Very few men are wise by their own counsel, or learned by their own teaching; for he that was only taught by himself had a fool to his master."

Having more than one Homecoming queen just goes to show that there is more than one outstanding girl in Bedford. — Dave Thompson

I thought it was really great having Mr. Peoples here. He brought this school alive and really knows how to make people feel alive. — Debbie Labadie

The pie-eating contest was funny, and it was a nice change of pace. It sure got the student body involved. — Claudia Bill

I thought we should have only one Homecoming queen because in years past we only had one, and it was more exciting when you found out who made it out of five girls. — Sherie Washam

Having two Homecoming queens is unique because we are the first class to have a tie. — Doreen Compton

What is the best part of teaching?

I enjoy working with young people and I am working in my field of interest. — Mr. Vogt

The best part is being with and working with boys and girls with many different personalities. — Mrs. MacDonald

The best part of teaching is the feeling that you are helping someone who needs you. It's great when students let you know they really appreciate what you are doing for them. — Mrs. Couturier

If you had it to do over, would you become a teacher?

Yes. I have had many different job experiences in my lifetime and teaching is by far the most stimulating and rewarding of all. — Mrs. Chapman

Yes, a person should enjoy his work and I was fortunate enough to select a profession I like. — Mr. Barr

What do you think of the sports spirit at Bedford?

I think Bedford has the right amount of spirit to pull through. So keep on truckin'. — Linda Vincze

Not too bad, but it could be better. — Sandy Holmes

What is your favorite sport?

Cross-country. I'm a glutton for punishment. — Dan Althaus

Wrestling. It's a sport that keeps you always in suspense. — Julie Salisbury

Football. The whole school gets involved. — Sue Dullinger

Should more or less emphasis be put on sports at Bedford?

More emphasis. Students of both sexes should improve their physiques by participating in healthy competition through sports. — Cathy Betley

More. It would encourage more school spirit. — Cheryl Smith

Less emphasis. If we lose a football game, then most everyone literally hates the other school. This shows poor sportsmanship. I don't think sports should be built up to the point where sportsmanship doesn't matter anymore. — Steve Cook

Hockey

When a new sport is added to an already heavy sports schedule, it has many hardships to overcome. Getting fan support, and even interested players, may be hard to come by. But within a few years, Bedford has a hockey team which has drawn attention from the entire school. Recognition of this accomplishment should go directly to the fine coach we have for putting together a winner in such a short time.

Football

It's not the game itself that makes it so exciting, it's the people and spirit involved. The air is filled with the anxiety of advancing and pushing forward toward the ultimate goal — a win. And when the inner drive of the players reaches its extreme point and all physical capabilities combine with a little bit of luck, then a win is achieved, and all becomes worth the effort.

Basketball

The first step toward a successful team is that the players must have pride in themselves with a confidence to win. A player must give one hundred per cent with hustle and hard work, never giving up. He must get up for a game, give support to his teammates, and not get down on someone else for making mistakes. But above all, there must be teamwork with no one person trying to dominate the game. If one finds these characteristics in a team, then it will be a team in which you may have pride.

Wrestling

A wrestler, the same as in any sport, takes time to develop his skills. These skills cannot be expected to blossom overnight. Nor can a coach be expected to develop a team overnight. Good coaching and attitudes must be present throughout an athletic program for it to be successful. The coaches in the entire wrestling program should be highly commended for the fine job they have done in producing winning teams every season, and also, some of the finest wrestlers in the area.

Denny Brighton -- Bedford's Best Wrestler Ever

Last summer, Bedford was fortunate to have a wrestler who placed third at the Junior World Olympics in Free Style Wrestling — Denny Brighton. Bested only by a Russian, who placed second, and a Bulgarian, who took the title, Denny first won the State Championship at "114.5", and then went to Miami, where he wrestled at "105.5". Coach Regnier said that he was glad to have Denny back this year and that he is the best wrestler that Bedford has ever had. "No wrestler from Bedford has ever thought about world competition before."

Bedford has long been known for its outstanding wrestlers, but none has surpassed Denny's accomplishments. A junior last year, Denny became Bedford's first undefeated wrestler with a 45-0-0 record. He was the first Bedford wrestler to win the GLL three years in a row. He also has taken first place at state as a junior and senior, another first. Finishing his high school career with a 125-4 record, we would like to congratulate him for his fine accomplishments as a wrestler.

In my opinion, the type of clubs a person belongs to not only reflects his present personality, but also helps to mold his life and mind for his future. — Teresa Gill

I believe that the more a person is involved in a club, the more his personality grows. — Donna Stobinski

In my opinion, clubs can make a student a more responsible citizen that is capable of leading a better and more understanding life. — Diane Gajewski

KEEP THE BALANCE**

One of the big challenges facing today's graduate is helping to conserve the limited supply of precious natural resources. As an individual, you can help by improving the quality of life in your home and community. Practice wise use of energy, learn to preserve and protect natural resources and you can help keep the world in balance.

Reflecting on the times we met new friends and faces, we remember the beginning and uncertainty of our education. Laughter, joy, and sorrow filled our lives and were shared by many. We were taught a new way of life, a never-ending experience, treasured always. And when we leave and meet new people, we then can be proud to say, "We're from Bedford."

Bryan,

To a neat guy I've known for a while. You were only in one class and that was study hall. Maybe better luck next time. Hope to see ya around. Good Luckin all ya do.
